

Small group: 1 2 3 4 5 6	Part III: I/O and File systems
Team members:	
Did your team function well during the course? Why? What can be the reasons behind your answer?	
Did you have enough background information to learn more during the course? If not, what kind of knowledge was missing and how did you correct the situation?	
Did the task exercise support learning? Why / why not?	
Are you satisfied with your learning and the content of the course? Why / why not?	
What effects to your learning did this kind of teamwork have? Would you like to continue this on other courses or not?	

Please tell us what is good and what still needs improvements in this kind of teamwork:

something you might consider: compare to other ways of small group, team structure, meetings, hours, feelings, previous experiences, social skills, ...

GOOD

IMPROVE
