

Travel information

The Oulu Airport is located in Oulunsalo, about 15 kilometres south-west of Oulu city centre and VTT is located in Linnanmaa (Street address: Kaitoväylä 1), about 8 kilometres north-west from the city centre. Getting from the airport to VTT is best accomplished by either taxi or bus.

How to get from the airport to VTT

There is a **taxi** pole in front of the airport building. The fee from airport to VTT is around 40 euros. Usually there are enough taxis, but it is also possible to pre-book a taxi by calling to +358 600 30081 (this is advised especially if you arrive very late with luggage).

There is also a regular local **bus service** - route no. 19. A single fare from the airport to VTT costs approx.. 6 euros and from Linnanmaa (where VTT premises are) to the airport ~5,50 euros. The bus drivers are helpful in pointing out the correct stop. (You can also use the web service Linjakas to view the route: <http://www.koskilinjat.fi/> [use the words Lentoasema → Kaitoväylä 1])
