

Scoring scheme for reports in the seminar of big data management

The total points for the report is 100.

1. The abstract clearly summarizes the main topic and contributions of the report. (10 points)
2. The introduction motivates the topic and place it in context. (20 points)
3. The structure of the report is clear and cohesive. (10 points)
4. The language is good and polished. There are enough illustrating figures and examples. (20 points)
5. The report draws clear conclusions. (10 points)
6. The report shows the critical thinking in this topic, not just repeating materials from the original sources. (20 points)
7. This report includes new algorithms, experiments or ideas. (10 points)
