Read one record from file   0.0015 seconds
Execute 100 instructions   0.0001 seconds
Write one record to file   0.0015 seconds

TOTAL   0.0031 seconds

Percent CPU Utilization $= \dfrac{0.0001}{0.0031} = 0.032 = 3.2\%$

Figure 2.4 System Utilization Example
